

Admission & Discharge Videos For Your Patients

Featuring:

- ✓ **Your hospital staff**
- ✓ **Your patients and their advocates**
- ✓ **Your facilities, amenities, and services**
- ✓ **Your patient relations priorities**

Customized For Your Hospital

Your patients will be greeted with a warm welcome from your CEO. Hosted by nurses from your hospital, the admission and discharge videos will present your hospital's:

- Patient room orientation
- Handwashing compliance
- Discharge process
- Patient and family services
- Nutrition and food services
- Safety and security precautions
- Medical and administrative forms
- Other customized information

Your staff will review and edit the content of our scripts to fit your hospital's communication and customer service needs. We film everything on site at your location to make sure all details are specific to your hospital. Videos are available in English-only or bilingual versions.

About c.2K Medical

We are a healthcare communications company in Los Angeles focused on cinematic medical storytelling. We produce patient documentaries, medical brand campaigns, health education programs, and more. Clients include Childrens Hospital Los Angeles, City of Hope, St. Jude Medical Center, Providence Holy Cross Medical Center, and other healthcare organizations.

Cost

c.2K Medical has developed a cost-effective system of script development, nurse casting, streamlined production, and detailed post-production specifically for these admission and discharge videos.

For a sample video and budget options, contact Gary Ashwal, Executive Producer, at gary@c-2k.com or 310-208-4255.
